In my previous reply, I wrote
A6:
The variable A is a coefficient defined by eq.(40).
and
A7:
The term $d(\Omega, \Omega_0)$ are derived from eq.(41),
by mistake.

I meant
A6:
The variable A is a coefficient defined by eq.(41).
and
A7:
The term $d(\Omega, \Omega_0)$ are derived from eq.(40).
